

Continental Theological Seminary is located near Brussels, Belgium: headquarters of the European Union, NATO, and home of the most beautiful square in Europe, 'The Grand Place'.

## We Want to Help You Change the World

As you can see, we take our mission of 'changing lives to change the world' seriously.

Whether your dream is to minister part-time or full-time, as a volunteer or a professional, in your home country or on the foreign field, we're committed to helping prepare you to change the world too.

If you're ready for a change that brings with it abundant educational opportunities that meet your individual needs at an affordable price, please contact us with your questions, a tour of our campus or for a catalogue.

### **Join us and let's change the world together!**

SEMINARY

**Changing Lives...  
to Change the World!**

## **Are You Ready For a Change?**

Are you looking for a new direction for your life and ministry? Are you feeling called to prepare yourself for ministry? Are you ready for a change?

At Continental Theological Seminary, we're all about change. In fact, everything we do is inspired by our motto: 'Changing Lives to Change The World'.

Since 1959, we've trained thousands of men and women who work and serve the Lord in more than 70 nations as pastors, missionaries, evangelists, social workers, Presidents and directors of national Bible institutes, institutional chaplains, Bible translators, as well as professors of Bible schools, seminaries and public schools.

In fact, more than 95% of our graduates enter ministry after graduation. That's how well we prepare students to enter ministry.

If you're ready for a change, find out below how Continental Theological Seminary can help prepare you to change the world too.

## **We Have What You're Looking For**

Choosing a Bible college or seminary is one of the most important decisions you will make as you prepare for ministry.

In your search you'll want to find a school that:

- Offers as many opportunities as possible in terms of length of study, available degrees, and practical ministry options.
- Is committed to your individual educational needs as well as your personal, social and spiritual needs.

- Works hard to keep costs down so you can work hard to meet your educational goals.

At Continental Theological Seminary we offer all of this and more. Clearly, we have what you're looking for.

## **Opportunities Abound**

At Continental Theological Seminary opportunities abound for as much flexibility as possible when it comes to length of study, available degrees and practical ministry options.

- We offer options for short or long-term studies with one, two and three-year programs. In short, we can accommodate you whether you have only one year to study or three years. We can also accommodate you if you would like to study at CTS for personal development rather than to obtain a degree. You can audit any course offered for half of the regular price.

- We provide practical ministerial education that is awarded by recognized and accredited academic degrees (B.A., B.Div., MTh). We offer a wide range of specializations (minors) such as Missions, Music and Worship, Counseling as well as Christian Education.

- At CTS, you don't just get head knowledge. You get hands-on practical ministry experience in a variety of situations. Student ministry week, Sunday ministry opportunities and summer internships help you take what you learn in the classroom and apply it on the ministry field.

## **We'll Help Meet Your Needs**

At Continental Theological Seminary, we're committed to meeting your individual educational needs as well as your personal, social and spiritual needs.

- We provide a personal tutorial program in which each professor advises a small group of students and serves each individual student as his/her academic and spiritual mentor from the beginning to the end of his/her studies.

- We offer an environment that encourages an active and rewarding social life, which includes enjoying meals together, playing games in the student center, and participating in other social activities that provide opportunities for friendship and fellowship.

- Finally, we offer opportunities for spiritual growth that complement your theological studies. Regular chapel services, special spiritual emphasis weeks, and on-campus Bible studies are just a few of the opportunities you'll have to grow spiritually.

In short, we promise to get to know you, your hopes and dreams, and explore together how we can help you reach your goals in life and ministry.

## **Affordable**

When you enroll at Continental Theological Seminary, we want you to concentrate on your studies, not worry about your finances. That's why we work hard to cover half of the real costs of tuition so that you can work hard on your degree.

We also work to keep costs down for those who live on campus. Full-time on-campus room and board will costs you only 13,30 euro per day. You would be hard-pressed to live anywhere in Europe at that price!

Plus, we provide a number of educational amenities including on-campus internet services, some transportation services, a library stocked with more than 40,000 volumes of choice resources, and the On-Line theological library of the University of Wales.
