

Assemble Promise Pack Kits for orphans and at-risk children around the world

Millions of children across the globe are unable to attend school simply because their families are unable to obtain or afford basic school supplies. These children are at greater risk for exploitation and a life defined by crushing poverty. The lack of access to personal hygiene supplies can rob a child of their health, happiness, and hope for the future.

Your group can provide tangible help and a clear message that someone cares. Promise Packs include basic school supplies, hygiene items, and a blanket treated with an insect repellent to protect children from malaria and other insect-borne diseases.

“

My happiness will be complete if I see Vera go to school and complete her education. Then she will be employed and be self-reliant.”

-Zambian Mother

How it works

Companies, churches, and community organizations purchase supplies through World Vision, host an event and assemble the kits. Once your kits are completed World Vision will arrange the pickup and ship them around the globe to children in need.

Get involved today!

For more information or to register your event, contact us at:
