EFFECTIVE 5-1-2021

HEBRON LUTHERAN CEMETERY

EST: 1854

LIMABURG ROAD
HEBRON KENTUCKY

The following are the rules at Hebron Lutheran Cemetery regarding the placement of decorations on graves. The Cemetery Board/Sexton reserves the right of final judgement on all cemetery rules and matters. Your cooperation is greatly appreciated.

Decorations Permitted at Any Time

Cut flowers are permitted at any time. Disposable containers are recommended so that cemetery personnel can discard them when the arrangements become unsightly. Solar lights and memorial candles are allowed all year, but they must be placed at the end of the monument and next to the base. Veterans' flags and flag holders are permitted at any time.

Items Not Permitted

The following types of items are not permitted on grave sites: cement, plaster or plastic statuary, plaques, stuffed animals, toys, wind chimes, wind socks, flags (other than veterans' flags), small items or ornaments placed on the ground or on grave markers, ground cover such as marble, gravel, bark chips or mulch, any type of fencing, chairs or wooden benches.

Summer Decorations

One urn per grave space, filled with annual plants, is permitted. It must be placed by the stone, not in the middle of the grave space. Urns that have not been used for a decorating season or those that become unsightly will be removed. It is recommended that the urns be taken in for the winter or that all urn vegetation be removed after fall frost so that the cemetery will have a nice appearance during the winter months. Shepherd hooks may be used for floral decorations, limited one per grave space. Artificial flowers in hanging baskets on shepherds hooks or in vases that are part of the monument, are the only artificial decorations allowed during the summer decorating season. All others will be removed. No decorations are permitted on grave spaces during mowing season that use wire, steel rods, pointed spikes, wooden pegs or legs, such as wreaths, easels or figurines on wire supports.

Holiday Decorations

Holiday decorations will be removed one month after said holiday. If you wish to keep these decorations, please remove them by then.

Planting

The only planting permitted are annuals placed at the ends of the monuments. No trees, shrubs, or roses are permitted.
