

CTS Today

CTS board of trustees, staff, faculty, and students wish you a Merry Christmas!

Christmas 2016

The divine communication is in the name! It is amazing to read how at the first Christmas God summed up everything He wanted to tell fallen humanity in one name. His messenger, the angel, issued an unambiguous command, "You shall name Him Jesus!" (Luke 1:31). God provided salvation and the Savior because this is what the name Jesus means: "He will save His people from their sins." (Mat. 1:21) Celebrating Christmas means focusing on the communication that is found in the name Jesus. Christmas is about Jesus and us, and the meaning of the traditional greeting "Merry Christmas" is different for those who have truly experienced what is communicated in the name.

On behalf of the whole CTS community, I would like to express our gratitude for your prayers, care, and giving towards the needs of the seminary. In this rapidly changing world we continue to be the school that proclaims Jesus and everything His name means!

Merry Christmas!

Welcome New Staff & Faculty

Stephen & Cynthia Aldrich

Stephen and Cynthia joined the CTS family in December of 2015. Over the past year they have been teaching and equipping students to serve around the world.

Before arriving, they previously served in Haiti as founders and administrators for the Bible school in Port-au-Prince. They facilitated church planting throughout the region and worked with national pastors.

They have continually felt the call of God to minister to the French speaking world by training up leaders and pastors. In addition to teaching, they oversee a church plant in Flobecq, Belgium where they minister every Sunday to the mainly African community.

Stephen and Cynthia believe there is a need to train European students beyond practical experience. Their hope is to provide an adequate biblical and theological foundation for future pastors. "We are excited about seeing students grow in their understanding of God's word. We want to equip them to be able to present the gospel in whatever context they may find themselves in."

The goal is for students to gain a greater appreciation for those who come from different cultural backgrounds, and to learn to work cross culturally. CTS provides both the biblical foundation necessary as well as rich multi-cultural community.
