

COMMUNITY COOKBOOK

Renton's Chamber of Commerce is creating a CommUNITY cookbook. We are asking businesses, professional athletes, first responders, community leaders, nonprofits, government officials, and members of our community to contribute recipes to be included in this effort toward commUNITY. Sharing a piece of themselves for us all.

Food connects us all and brings people together. This is a great opportunity to show the community you care by sharing a piece of you and your business with them. By contributing a recipe to the cookbook you are automatically advertising for your business/cause. You are stepping into the homes and lives of the people in this community. Every recipe that is included from your business/organization will have a photo of the recipe and include your business/organization name & logo should you have one.
