Our goal at Mommy & Me is to provide opportunities for children to play while caregivers have the space for connection with other moms, dads, and caregivers. With our older school-aged children joining during the summer months, we know this experience changes for a time, which is why we want to provide space and place to continue to meet in larger park locations. Let's get out and play! Bring your own snacks, drinks, and outdoor toys. In the event of rain, Mommy & Me will not meet.
