FAITH FORMATION

Dear Brothers and Sisters in Christ,

You've heard it before...we are all on a journey. Compared to eternity, this is a short journey, and it can be difficult at times. There will be instances where God will stretch our faith and even our abilities. So I want this letter to be an encouragement to you with some practical ways you can learn how to follow God during those trying times and to draw closer to Him. First, remind yourself who God is and meditate on the power of God (give this some time). Think about creation itself. Then after you've spent some time getting God into perspective, think about what he wants for you. The truth is, He *loved* you into existence. He loves you as a sinner and He desires to heal you and to take on your pain. He wants to talk with you and to lift your burden. He created you for a purpose and until you let Him fill your heart, you will have a little emptiness hanging around. In fact, He heals you from sin and if you are not free from it, you may even have a gaping hole in your heart. Many times people will try to fill that emptiness through things of this world. And...those they might even fill up that hole for a little while, but eventually that same old emptiness returns. The fact is, only Christ can fill you and take away the emptiness. He is the one who wants to heal your heart. He wants to speak to you. Did you know that you can actually hear His voice? If you haven't experienced it, I would encourage you to ask God to help you and to show you how to trust Him with all of your life...not just parts of it. Then start reading the Word of God each day (start small, but every day). Ask the Holy Spirit to help you understand what the Word is saying to you personally. Remember, God really loves you and wants you to experience the peace and joy that He has stored up for you. Happy reading and talking to the Lord.

From Msgr. Frank Chiodo

Dear Parishioners,
Thank you to Julie Kincheloe for painting the stations of the cross that are in the lower church. They are beautiful.

Below is a letter from Fr. Patrick McManus from Christ the King.

Christ the King Catholic Church

5711 SW 9th Des Moines, Iowa 50315-5006 (515) 285-2888

St. John of Capistrano, Memorial

23 October 2019

Dear Monsignor Chiodo (and clergy, staff, and parishioners of St. Anthony),

The feast of Christ the King is obviously important for our parish. I would like to invite you and the members of your community to attend a celebration on Sunday, November 24th, at 11:00 a.m. I know that you are not able to cancel your own Masses, but I would appreciate you encouraging your people to attend. The Mass will be celebrated bilingually, and we will have flags and representatives of the various national groups which make up/have made up the parish in the past. Mass will conclude with a Eucharistic Procession (weather permitting) around the four corners of our own property, and of course, a fulsome meal will be shared afterwards.

We are proud to be a daughter-parish of St. Anthony and the more that we can do to shore up the relationship between our two communities the better off both will be. If any of your people are interested in assisting, either with music, food, or other things, please have them contact either Father George Komo, who will be overseeing the celebration ((847-977-6369), or Jason Feeney at the office (515-250-9346).

Thank you so much for all that you do for the Church of Des Moines, and especially for the ongoing prayer and support of our mother-parish.

Yours faithfully in Christ,

Rev. P.J. McManus

Pastor

Spiritual Adoption "I'm Dancing!!!"

Dear Spiritual Adoption Parents,

Your little baby is now 2 months old! Your baby is making rapid progress developing all external and internal organs. During this month baby teeth form and fingers and toes are developing. The ears, nose, lips and tongue can now be clearly seen. The skeleton changes from cartilage to bone, and brain waves can be recorded. The central nervous system is now functioning and so forty muscle sets begin their first exercises. By 8 weeks all body systems are present. Your baby is now called a fetus, a Latin word meaning "little one". Ultrasound reveals that your little one can now spring and jump – your baby's first dance steps!!!
