SOCIAL RESPONSIBILITY

1,952 children learned life-saving skills through drowning prevention programs while thousands of neighbors were served in other mission based programs at little or no cost thanks to charitable contributions.

Six-year old **Blake** got his feet wet in the Y's Safety Around Water program and then attended official swim lessons. His grandfather will never forget the day Blake learned to swim. He says the Y instructors earned Blake's trust which boosted his confidence in the water.
