We hope that you and yours are safe and healthy in this challenging time. We're all in this together, and together we will overcome all obstacles. One thing is for sure; we're going to make it through. As always, our team is here to serve and help you.

ESA provides cost-effective screening solutions for your employees and volunteers allowing you to focus on your organization with **PEACE OF MIND**. Our experts can work with you to create a background screening program that addresses potential risks including child abuse, fraud, violence, theft, substance abuse, and negligent hiring.

Our background screening solutions meet industry FCRA compliance standards keeping your organization free from legal entanglements.

Failure to maintain trust can be devastating to an organization, leading to loss of community support, loss of funding, or even a lawsuit for negligent selection. The ultimate goal is to verify identity and weed out unsuitable candidates for your organization. You have a legitimate right to assure that your children are safe.

Our services are affordable and tailored to meet the needs of non-profit organizations like your YMCA. We understand that your budget is already tight, therefore, ESA is offering a month's free trial for any YMCA interested in taking a look at our online system and experiencing top notch customer service.
