

Greater Giving  
www.greatergiving.com

Hey everyone! We're so disappointed to not see all of you in person, but we are excited to share that we are still here to support your organization's fundraising events. Greater Giving, a Global Payments company, works exclusively with schools and nonprofits across the United States and Canada—offering integrated technologies to help simplify event management; quickly train volunteers; streamline check-in and check-out; and raise more funds. Greater Giving solutions are based on a single cloud-based, user-friendly platform.

If you want to turn your gala into a Virtual Fundraising Event, we've got everything you need! Our Online Bidding platform can help you run a successful virtual gala or virtual campaign. For more information and resources, visit <https://www.greatergiving.com/en/virtual-fundraising-events>
