

# SOCIY

[SOCIY.IO](https://socy.io)

NAYDO members:

YMCAs are relying heavily on their websites to communicate with their members right now. If you're struggling to use yours and keep it updated then now is the time to switch to the super easy SOCIY platform.

In response to the pandemic and struggles everyone is facing, we're **waving your first month's fee** and **including free content transfer** for everyone who signs up by the end of next month.

*"We are very thankful we made the switch when we did, as we would not have been able to use the old site as we are now to manage through this crisis."*

- Melissa Everhart, Project Manager, Indiana Alliance of YMCAs

We can help you get a new website up and running in under a week with only a couple of hours of work for your team.

Contact us directly at [jaron@socy.io](mailto:jaron@socy.io) or visit <https://socy.io> to get started.

Forward Together,

Your SOCIY team

**Jaron Ludwig**  
Product Owner
