

Hello Girls Ministries Leaders!

I want to tell you about IGNITE 2020 our virtual camp. This year, with its myriads of complications, we are going to meet at our respective churches and do this thing together. By July 18, we should all be in Phase 3 or beyond. With the network cancellation of all camps, this is a great alternative to allow our girls to get together and meet new people. Some they might not normally get to meet because of physical distance.

I chose to charge registration fee and send all supplies so no one struggles to get the needed supplies. Everyone will have the same worship stations, shirts, crafts, etc. I have scoured the internet and stores and found the best possible bulk prices to keep the price as low as possible. The church registration covers the worship stations and game supplies (these supplies are yours to keep!); the per person cost covers camp shirt, craft supplies, and prizes. My desire is to not put any undue stress or work on any of our Girls Ministries churches or leaders. To allow for supply ordering and shipping times, please have your registration turned in by June 15<sup>th</sup>.

If you are interested in joining the fun and have any Honor Graduates, please email me for further instructions.

The following is the breakdown of our camp.
