

THE GOOD NEWS STORY

BROUGHT TO YOU BY
BRC CAMP KIDS

AUGUST

This month's "Good News" story are quotes from some of our teenagers who attended church camp this summer. God was at work. Enjoy.

"It was an amazing experience that every kid should be able to enjoy. I loved every second there." - Sam Reichle

"Camp is where I get to go and meet new people who believe the same things as I do. I get to go run around and have fun splashing in the water, but at the same time go and learn more about God. One of the things we get to do at camp is have small group time after the service each day. This is a great time for all of us teens and our counselors to really open up with each other and express what we are feeling, and our thoughts about the message. We know that in this space we will not be judged by others around us, like we so often are in this world we live in. This is why I love going to camp." - Logan Toot

"Camp was great in 3 ways: 1) Being at camp was the closest I ever was with God. The crosswalk helped me see how God did so many things for me. 2) You got to get away from social media and electronics for the week. 3) You got to have fun in the water all week and be competitive in games and sports like gaga ball, crab soccer and way more." - Natalie Toot

"Camp offered a different perspective and the chance to meet new people with different life experiences." - Briscoe Poore

"Camp was just very accepting and very understanding for everybody of any background. It truly made me happy and helped me learn a lot more about our religion, more than what I knew before." - Jack Reichle

"During my very short week at Beulah Beach I felt God's presence many times, but the biggest was during the crosswalk. The crosswalk is a reenactment of the crucifixion of Jesus. Besides that there were plenty of fun things we did like tubing and jet skis. Overall I feel that Jesus moved me through that week." - Braden Anzalone

"Beulah Beach was a fun and joyful place for me. There were a lot of fun games but it wasn't only games that happened that week, there was movement with God. I could feel God at work every night in our small group and even in me. I made a lot of good memories at Beulah Beach like the friends I made and all of the cool things we did together." - Blake Petish

"Thanks for taking me to camp so I could enjoy this experience with God. I had so much fun with friends. The food was good, I loved the pond blow up obstacle course. I gave my life to God and rang the bell." - Lilly Herrington

AUGUST 7TH

CHURCH PICNIC
SUNDAY AUGUST 14TH

One service 10am @ BRC
Picnic 12-4pm @
Haynes Campground
