Dear Alki UCC,

We are looking forward to being on retreat with you on September 20-22 at Pilgrim Firs! Our theme is **Daily Bread: Discovering What Gives Us Life**. Our theme is based on the meditation practice called the Examen, a daily examination of the moments for which we are most grateful and least grateful. The book *Sleeping with Bread* recalls that children left orphaned by World War II were given bread to hold in order to sleep at night in refugee camps. The bread gave them reassurance that they ate that day, and they would eat again the following day. Discovering our daily bread, those things that fill our lives with gratitude, vitality and purpose, can help us gain self-awareness and discernment. We'll engage with our theme through meditation, movement, art, labyrinth walking, and some cross programming with Fautleroy UCC. You will be encouraged to use the retreat time for what you need and will be free to opt out of any of the whole group time.
